TECHNICAL SKILLS

UI/UX: UX Research, Persona Creation, Wireframing, Prototyping, Usability Testing, Responsive Design

Frontend Development: HTML, CSS, JavaScript, Responsive UI, React

Design Tools: Figma, Adobe XD, Adobe Photoshop, Adobe Illustrator, Canva, Framer

Other Tools: Git, GitHub

PROJECTS

ZenithMart – E-Commerce UX/UI Design

- Designed wireframes, user flows, and high-fidelity prototypes for a responsive e-commerce platform using Figma.
- Conducted user feedback sessions and iterative design improvements to enhance usability and navigation.

User Interface Redesign for Mobile App (Chat App)

- Designed and developed a modern Android chat application focused on seamless real-time communication and user engagement.
- Created intuitive user flows, wireframes, and responsive interface designs to ensure a consistent and user-friendly experience across different Android devices.
- Applied usability, accessibility, and mobile-first design principles to enhance user experience and improve overall application performance.

EXPERIENCE

Spikewell

Jan 2025 – Feb 2026

SDE Intern

Bhubaneswar, Odisha

- Contributed to the design and development of a Salesforce Lightning application used by call center agents for order management and customer service workflows.
- Improved user experience by redesigning interface interactions and simplifying task flows, reducing process steps from approximately 30 clicks to 20 clicks and increasing operational efficiency.
- Collaborated with stakeholders to understand user requirements, identify workflow bottlenecks, and translate business needs into intuitive interface solutions.

TPSODL

May 2024 - July 2024

Cybersecurity Summer Intern

Berhampur, Odisha

- Assisted in vulnerability assessments and security analysis of internal infrastructure.
- Conducted network audits and supported configuration review processes.
- Contributed to documentation of security protocols and compliance reports.

CERTIFICATIONS

Accenture North America Product Design Virtual Experience Program

Accenture Digital Skills: User Experience Program

EXTRACURRICULAR

Club Excel

Aug 2022 – May 2025

Core Member

- Organized Multiple workshops on technology and design, reaching 500+ students.
- Increased membership by ~30% through engaging activities and workshops.
- Helped in developing a peer mentorship program connecting freshers to senior students for technical guidance.
